Professional Summary

Front-End Developer and Web Programmer with a strong background in Computer Science and Management Technology, and hands-on experience in UX/UI Design. Skilled in developing responsive and user-friendly web interfaces using modern tools and frameworks, with a focus on enhancing user experience and creating smooth, engaging digital interactions.

Proficient in transforming client requirements into attractive and functional digital solutions, and collaborating effectively with cross-functional teams. Experienced in using Figma, HTML, CSS, JavaScript, and other front-end technologies to design and implement high-quality web applications.

Passionate about creating modern, visually appealing designs and continuously improving technical and creative skills to deliver exceptional results.

Education

Bachelor's Degree in Computer Science and Management Technology – Egypt
4-Year Program

Specialization: Front-End Web Development

Gained strong practical skills in computer programming and modern web technologies.

Training & Certifications

- ICDL Certificate (International Computer Driving License) – Demonstrated proficiency in essential computer applications and digital literacy.
- Certified UX/UI Design Course – Microsoft Accredited – Focused on user experience design principles, user interface prototyping, and design systems.
- Microsoft Certified Solutions Developer (MCSD) – Certified in developing modern software and web-based business solutions using Microsoft technologies.
- Zend Certified Engineer – PHP 5.3 – Validated expertise in PHP programming and back-end web development.
- Cisco Networking Academy – Networking Fundamentals – Gained practical knowledge in computer networks, protocols, and network infrastructure.
- Certificate in Computer and Internet Applications

Professional Experience – Overview

Front-End Development (3 Years – Freelance)

Worked as a freelance Front-End Developer, specializing in building responsive and user-friendly websites using modern technologies. Developed various projects focusing on performance, design, and usability.

UX/UI Design (2 Years – Freelance)

Gained hands-on experience in UX/UI design, creating intuitive and visually appealing interfaces. Skilled in using Figma and design systems to enhance user experience and optimize product flow.

Human Resources – Vodafone Egypt (3 Years)

Worked as an HR professional managing recruitment processes, employee relations, and performance coordination. Contributed to improving team productivity and maintaining a positive work culture.

Web Development Instructor – National Telecommunications Institute (NTI), Assiut Branch (1 Year)

Delivered training programs in web development for beginners. Focused on HTML, CSS, JavaScript, and Front-End fundamentals, helping students gain practical programming skills.

IT Specialist – Tasaheel Microfinance Company (Current / 1 Year)

Responsible for IT support, system maintenance, and troubleshooting technical issues. Ensured smooth operation of software and hardware systems within the organization.
